

DECOMMISSIONING TRACK RECORD

Client/Asset	Year	Services
ConocoPhillips Maureen Alpha	1998-2000	Scaffolding, Project management (Feed studies, workscope development, surveys, procedure development etc), Rope Access services, Vessel Cleaning and NORM removal
BP, North West Hutton	2002-08	Asbestos Demolition Surveys / Asbestos Management and removal Scaffolding, Project management (Feed studies, workscope development, surveys, procedure development etc), Rope Access services – Inspection, Rigging, welding, pipefitting, electrical. Specialist application –hydraulic oil recovery, cold cutting methods, battery discharge, densitometer removal. Mechanical services – Milling & machining
Wood Group, Thistle	2004	Topsides Systems Decommissioning Study
Aker Solutions, AH001, Ivanhoe, Rob-Roy and Hamish Fields	2005	Decommissioning Study
BP, Valhall	2006	Redevelopment Project – Production & Compression Platform / Quarters Platform and Deactivation Cleaning Study
AMEC, Britannia & Bridge Linked Platform	2006-07	Decommissioning Study
Aker Solutions, Total: MCP01	2006	Asbestos Demolition Surveys / Asbestos Management and removal Scaffolding, construction (i.e. Welding) Scaffolding
BP, North West Hutton	2008	Topsides Removal
Petrotrim Trinidad, Onshore Terminal	2009	Cold Cutting removal of 42” overboard Gas Line
Aker Solutions, Armada Hess: AH001	2009-10	Topsides cleaning and support services including scaffolding, project management, Rope access and Rigging
Shell, Brent Delta	2010 – ongoing	Asbestos Demolition Surveys / Asbestos Management, Waste removals, vessel and tank cleaning, cold cutting and removal of vessels, tanks, deck hatches, pipework cabling and overboard caissons, removal of deck coatings to allow welding, removal of structure coatings and beams to allow welding, removal Scaffolding, Project management (Feed studies, workscope development, cell surveys, procedure development etc), Rope Access services - pipefitting, electrical, mechanical, bolting & machining, fabric maintenance
Centrica, Rough	2010	Cold Cutting removal of Vertical Gas Separator

Client/Asset	Year	Services
Wood Group, Hummingbird	2010	Cold cutting of redundant mooring chains
Wood Group, CNR: Ninian North	2011	Engineering down clean and interfaces study including identify cleaning scope, develop cleaning work packs, provide WBS for cleaning activities, OOM cost estimates, asbestos recommendations following legislation
BP Trinidad, Onshore Terminal	2011	Cold cutting of access hatches
Apache, Forties Alpha	2011	Cold Cutting removal of MOL Skid
Petrofac, Heather	2012	Cold cutting removal of Wemco Separator
CNR, Murchison	2012	Cold cutting removal of Wemco Separator
Wood Group, Hummingbird	2013	Cold cutting of redundant mooring chains
BG, Everest	2013	Cold cutting removal of deck plates for landing bridges
Talisman, Montrose	2013	Cold cutting removal of Wemco Separator
TAQA, Tern Alpha Cladhan Project	2013	Cold cutting removal of two tilted plate separator tanks, a gas flotation unit tank, pipework and cables
BG, Lomond	2014	Cold cutting removal of deck plates for landing bridges
Apache, SAGE	2014	Cold cutting removal of spings housings (under pressure)
TAQA, Tern Alpha	2014	Cold cutting to remove redundant module including plate separators, pipework and electrical cabling
Shell ISC, Nelson	2014	Cold cutting removal of an MOL pump system and skid
Talisman, Montrose	2014	Cold cutting removal of Wemco separator
Talisman, Montrose	2015	Cold cutting removal of skid
