STORK ENERGY RESOURCING

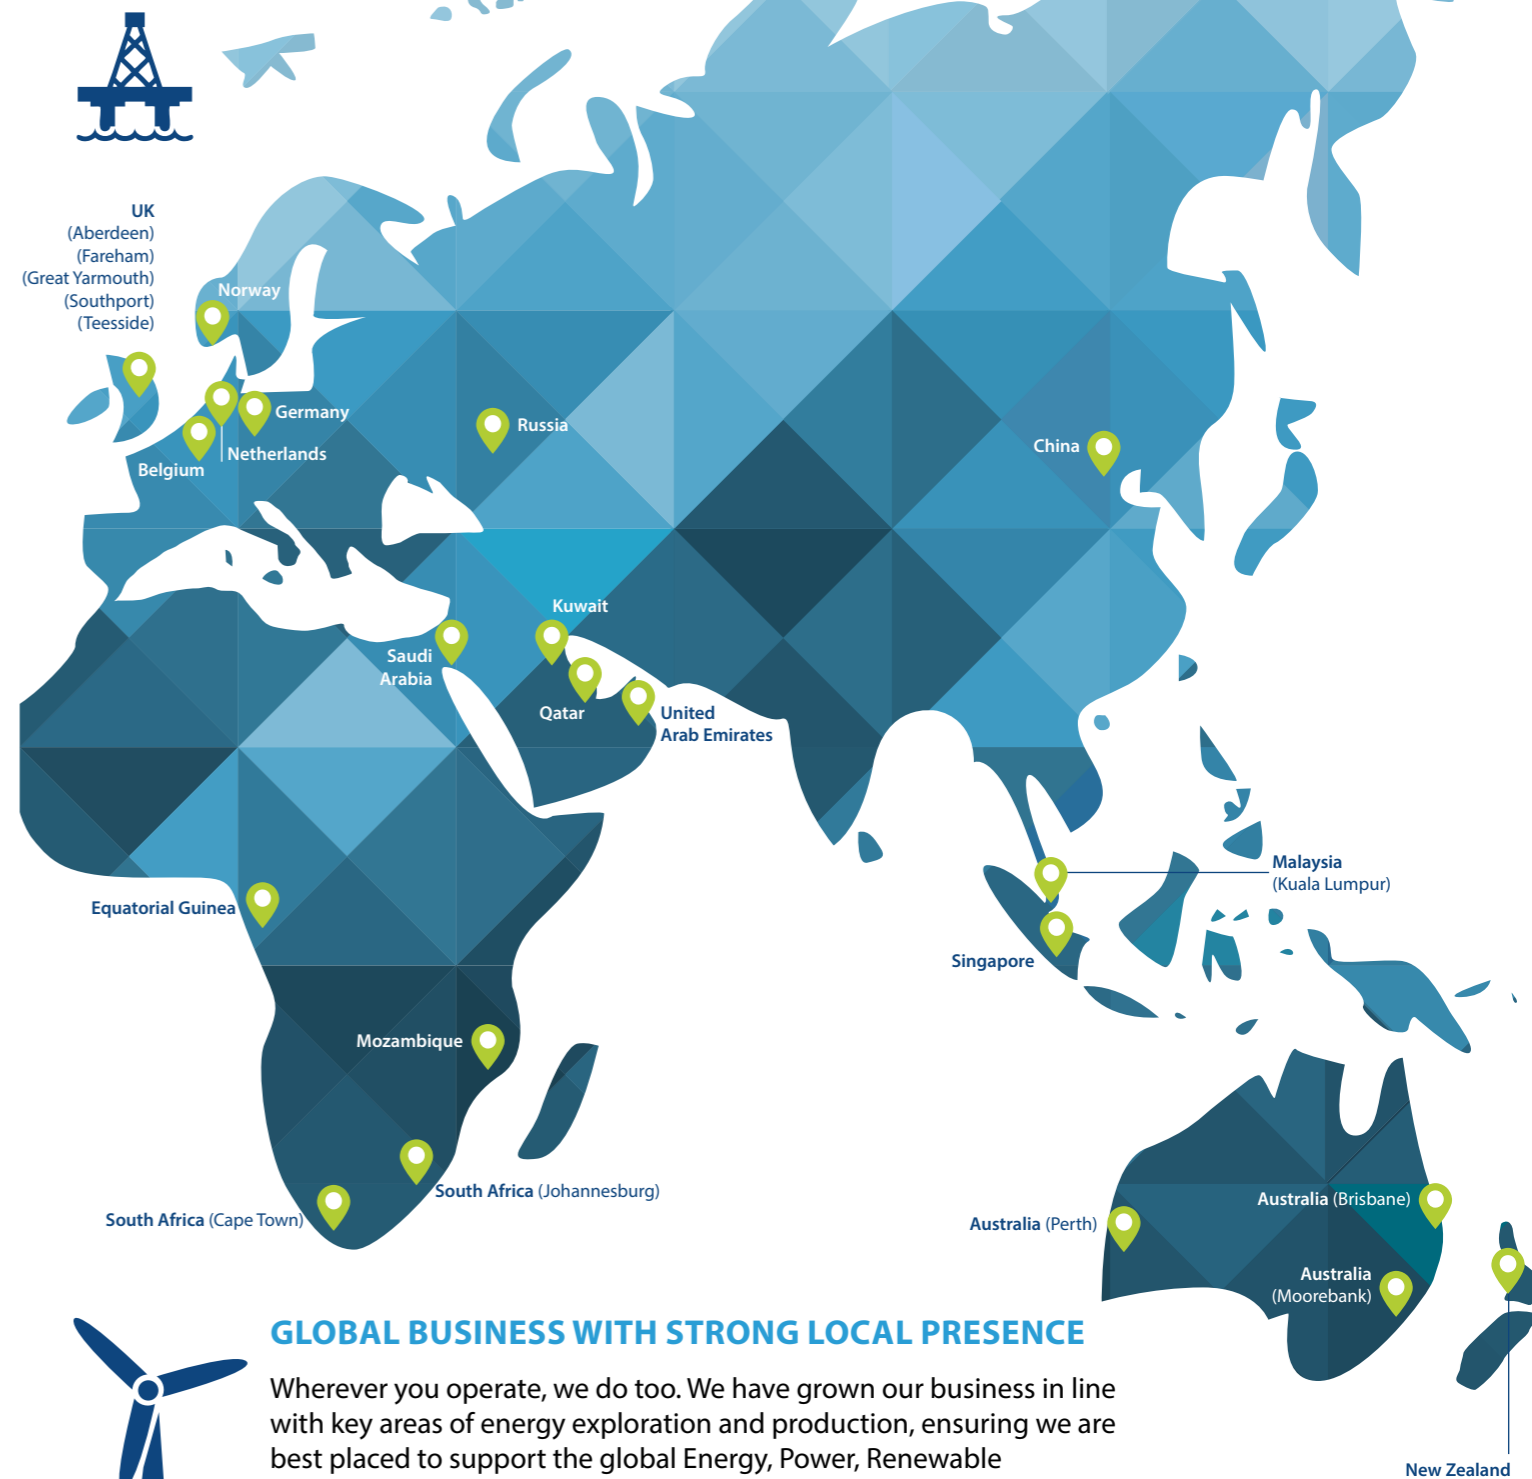

With over 100 years' experience, Stork's Energy Resourcing division is uniquely positioned to provide bespoke recruitment solutions to the global Energy, Power, Renewable and Oil & Gas sectors. With a candidate database of more than 50,000 professionals, we deliver tailored solutions for your resourcing requirements; from a single candidate to an entire project team.

Energy Resourcing is part of Stork, a Fluor company. Fluor is a global engineering, procurement, and fabrication, construction company that designs, builds and maintains capital efficient facilities for its Clients.

The addition of Stork's capabilities to the Fluor portfolio, enables us to meet Client needs throughout the full lifecycle of an operating plant or asset.

Stork creates lifelong partnerships, continually improving the performance of our Clients' assets through multi-disciplinary maintenance, turnarounds and projects. Our main focus is to minimise downtime, enhancing cost-effective production and maximising return on investment, whilst ensuring HSEQ is our number one priority.

GLOBAL BUSINESS WITH STRONG LOCAL PRESENCE

Wherever you operate, we do too. We have grown our business in line with key areas of energy exploration and production, ensuring we are best placed to support the global Energy, Power, Renewable and Oil & Gas sectors.

REACH BEYOND ZERO

Our value driven approach to HSEQ

Stork is dedicated to being recognised as an industry leader in HSEQ by our employees, Clients and industry peers. REACH Beyond Zero, our value driven HSEQ engagement programme, helps us to achieve this goal.

REACH Beyond Zero is our HSEQ vision to engage all Stork employees to challenge themselves to think and do more to improve our HSEQ culture and performance. As an organisation we REACH Beyond Zero by functioning as one team with shared values, driving action to transform our HSEQ culture and performance.

Safety is our core value and we are committed to translating our HSEQ ethos into sustainable and effective operations. REACH Beyond Zero communicates on Environmental and Quality issues in addition to Health and Safety, ensuring it is fully encompassing employee-led programme.

HOW WE ADD VALUE

Stork's Energy Resourcing team develop long term strategic partnerships built on specific knowledge and understanding of Client and evolving industry requirements. Each of our Clients receive a bespoke service that is closely aligned to the needs and demands of their operations.

We offer a cost efficient and highly effective range of recruitment, team and crew management services, which include but are not limited to:

RESOURCING SPECIALISTS

Stork's Energy Resourcing division are sector specialists in recruiting permanent and temporary positions across the world for the Energy, Power, Renewable and Oil & Gas industries.

We are proud of our robust global relationships with candidates and Clients. Our dedicated team of consultants pride themselves in supplying bespoke solutions to meet your recruitment needs in delivering your requests, on time, every time.

We are passionate about what we do. Our experienced recruitment team is on call 24 hours a day, 365 days a year with the capability to source, validate and mobilise personnel in a short timeframe to meet your projects demand.

TRAINING & COMPETENCY

Stork's in-house Training and Competence Assurance Centre provides courses aligned with various accredited organisations, such as ARCA, ECITB, IRATA, OPITO, PASMA, Fit2Fit, BSIF and Oil & Gas UK, ensuring all training is consistently delivered to industry recognised standards. These courses are backed by our dedicated, award-winning competency team, who in turn, provide the necessary competency assurance to our Clients that the best resources are being provided for their needs.

OUR SERVICES

We provide comprehensive support to ensure we secure the best talent. Stork partners with our Clients, building a rapport that results in a shared understanding of business needs, aspirations and operational demands.

By utilising our global reach, local intelligence and reputation, we can supply Clients with the most suitable candidates in the market.

WHAT OUR CLIENTS SAY

"I frequently liaise with Stork, they are always able to provide suitable candidates who are required for operations. Their service is always positive and I enjoy working closely with the team."
Drilling Contractor (HR Logistics Coordinator)

"Appreciative, commendable and amazed at the very quick responses of the supply of riggers, deck crew and specialist rope access personnel. This type of service has helped build trust, increased work capacity and the Client's reliance in our ability to deliver in reactive situations."
E & P Operator (Operations Manager)

"As a professional with over 30 years offshore (11 with Fluor), a special mention to the Support Services team for processing the wages. Never heard of one issue in 11 years from anybody, which must be a record by any standards."
MEGI (Mooring Master)
