Let’s face it, Mother Nature plays by her own rules and the only way we stand a chance against hurricanes is through preparation.

Whether working offshore or at home, always be prepared and follow these steps:

1. Monitor weather threats
2. Assemble an emergency kit
3. Stay informed. Evacuate if advised
4. Avoid flooded areas
EMERGENCY KIT
PREPARE ENOUGH FOR 72 HRS.

- **FOOD**
  - 3 DAY SUPPLY / PERSON

HURRICANE READINESS

WHAT CAN YOU DO?

STAY INFORMED ABOUT WEATHER UPDATES, PARTICULARLY FLOODING

KEEP AN EYE OUT FOR DOWNED ELECTRICAL LINES AND REPORT THEM RIGHT AWAY

AVOID FLOODED AREAS – TURN AROUND, DON’T DROWN

DO NOT RUN GENERATORS INSIDE HOME OR ENCLOSED SPACE TO AVOID CARBON MONOXIDE

CONTACT FEMA OR RED CROSS IF YOU BECOME SEPARATED FROM YOUR FAMILY

CONTACT DIRECT SUPERVISOR FOR UPDATES ON OFFICE CLOSURE – DO NOT DRIVE TO WORK IF FLOODING PERSISTS
